

Summer Research Assignment.

Produce (at least) a page of work for both of these units:

1. Research/investigation into a product that you like.

When did it get released?

Who designed it?

Who is it aimed at and why?

2. Product Design Ideas

Produce a range (at least 6) of ideas for a new type of product to solve a problem. This could be something to help the elderly/people with physical disability/a child's learning aid. I am looking at your creativity and presentation skills—use a pencil and black fineliner to present the ideas.

- ◆ Your report should be at least 3 pages long.
- ◆ You may include labelled diagrams if you wish.
- ◆ **Do not** copy and paste from the internet, use your own words.
- ◆ You may produce your report on a computer if you wish but I want ideas for unit 2 to be hand drawn.
